### New Club Facebook page

We were updating links on the new Facebook page in December, and the link to our new Facebook page was temporarily down. The issue has been resolved and the link is now working again. Please

visit <https://www.facebook.com/ncrgc.org>, "Like", "Follow", bookmark, and even add content to the page. Continue to visit our Facebook page to stay up to date on the latest NCRGC news and information!

### Happy Holidays and Happy New Year!

*Bryon Fessler, NRL22 Match Director*

As we reflect on this past year and all the trials and tribulations we had to endure, we want to express our gratitude for your continued support of the NRL22 shooting discipline. You are a wonderful group of

shooters, and we thank you for making the Club a fun and safe place to shoot and compete. We also want to thank the many shooters who help set up and tear down. You are rockstars and we thank you! And to those of you who donate your time, talent, and treasure to welcome and assist our new NRL22 shooters, thank you! We try to create an environment for new shooters to thrive and you are a big part of that success. NRL22 is for truly for everyone. If 2021 has taught us anything, it is that we need to recognize the importance of human connections now more than ever. So please join us on the third Saturday of the month at the Rifle Range. Below is the link to pre-register, pay, and squad. Wishing you and yours good health and happiness this holiday season and in the New Year!

## Range Clean Up on Saturday, January 8

Attention members, please note the January Range Cleanup will be on Saturday, January 8th at 10:00 am - Noon because of the New Year Holiday. Don't forget to come out and take care of that Range Cleanup requirement to keep your membership renewal cost at \$150.00.

## Range Safety Officer Course

*Brian Holder, Chief Range Safety Officer*

*Bryon Fessler, Chief Range Safety Officer*

The next Range Safety Officer (RSO) course will take place on Saturday, January 29, 2022, from 9 am to 6 pm at the River of Life Fellowship Church in Wellington. RSOs play a critical role at our Club, and they are present at all our sanctioned events. Participants will learn about roles and responsibilities; Standard Operating Procedures (SOPs); range inspection and range rules; range safety briefing; emergency procedures; firearm stoppages and malfunctions; and test and review all for the low price of \$45. Students will receive an RSO student packet, hat, lunch, snacks, and drinks. Please arrive a few minutes early as we will start promptly at 9 am. After registering, you will receive a PayPal link to pay within 24 hours (please check your spam folder). You must pay for the course to reserve your slot. This course normally costs \$100 - \$150; however, the Club offers it at a reduced price and asks only that you RSO a few matches each year.

## Women on the Range (WOTR)

*Rebecca Lee, Group Leader*

*Donna Schmid, Group Leader*

Attention ladies!!! Women on the Range (WOTR) is an organized NCRGC group open to women of ALL skill levels and disciplines. Our goal is to build confidence while practicing our shooting skills and to create an inviting space to meet up with old and new friends. If you love to shoot, come join us! If

you're not sure if shooting is for you, come check it out. From beginner to more advanced shooters, everyone is welcome. Each month we will rotate through the various matches to learn about each discipline. **This month WOTR will be joining the Know Your Limits (KYL) match on January 30th @ 1:00 pm.** If you're interested in joining us or have questions, please contact Shannon at [kyl@ncrgc.org](mailto:kyl@ncrgc.org).

We hope to see you on the range!

## Steel Challenge

*Steven Jessup, Steel Challenge Chair*

The next couple of months are very weather-dependent for holding an SC match. Mud and snow can make it very unsafe to hold a match in the tactical bays. We will take each month as it comes, so stay tuned and check the club calendar the day before a match date!

## Range Master Needed

*Brian Holder, President*

The Range Master (RM) plays a pivotal role in the Club and is part of the Executive Committee. The Range Master maintains the range facilities; schedules cleanup days and times; schedules subcontractors for Club maintenance and installation projects; maintains key and lock access to all Club facilities and equipment to ensure that only legal items are safely stored on site; makes sure all materials are inventoried for insurance purposes; and supports the Discipline Chairs for their organized rifle, pistol, shotgun, and archery matches and events. To assist the RM, the Club contracts with an Assistant Range Master (ARM) who helps oversee range cleanups, performs general maintenance, purchases supplies, mows, trims, and monitors and enforces our safety rules. The Board is ready to provide lots of support and resources to the new RM. Please contact the President, Brian Holder, at [PRESIDENT@NCRGC.ORG](mailto:PRESIDENT@NCRGC.ORG) if you are interested in the volunteer position or if you have any questions.
